

ESSENTIAL R464

FORMULATED HIGH GLOSS

ACRYLIC EMULSION

DESCRIPTION

Essential R464 uses high gloss acrylic polymers to produce a coating with exceptional deep and long lasting gloss. It is intended for clear coatings for the restoration of gel coats or wood surfaces. R464 is fully formulated; it contains coalescing, leveling and defoaming agents, so it is ready to be applied. This product may be reduced with water to produce high gloss finishes. It is non-yellowing, fast drying and is easy to apply.
